

Ergonomic design manufactured using an **revolutionary stretchy nitrile formulation** for supreme sensitivity, excellent comfort and maximum protection

FEATURES:

- **Chemical Resistance**
More resistant to chemicals, oils, and acid than latex or vinyl.
- **Textured Surface**
Textured surface improves grips and prevents slippage.
- **Exceptional Strength**
3 to 5 times puncture and tear resistant than latex or vinyl.
- **Enhanced Durability**
50% thicker than standard nitrile to offer enhanced durability.
- **Remarkable Flexibility**
Hand-conforming fit increases touch-sensitivity and flexibility.
- **Safe and Hypoallergenic**
Latex-free and safe for those with sensitive skin.

APPLICATIONS:

Food Preparation

Dental/Medical Offices

Laboratories

Grocery Shopping

Tattoo Studio

Cleaning

Single Use

Fingertips

Ambidextrous

Latex Free

Non Sterile

Latex-Free: Prevents latex induced allergies and/or irritations to the skin even on during prolonged usage.

Exceptional Non-Slip Grip: Textured fingertips for enhanced wet or dry grip.

Powder-Free: Eliminates powder related complications and sensitivity.

Tear and Puncture Resistant: Each pair lasts longer.

Tactile Sensitivity: 'Touch & Feel' experience with high dexterity.

Nitrile Formulation: Delivers highest protection for a wide range of chemicals.

Beaded Cuffs: Ensure ease of donning.

VALUES	SMALL	MEDIUM	LARGE	X-LARGE
Gloves Length (in./mm) Min.	8.9" (225 mm)	9" (230 mm)	9.3" (235 mm)	9.5" (240 mm)
Cuff Width (mm)	85 +/-10 mm	95 +/-10 mm	105 +/-10 mm	115 +/-10 mm
Gloves Weight (±0.3 g)	3.5 g	4.0 g	4.5 g	5.0 g
Finger Thickness	3.5 - 4 mil			
Palm Thickness	3.5 mil			
Quality Test & Standard			Qualification

cGMP for medical devices per FDA 21 CFR 211/820			Certified	
Medical Device Single Audit Program (MDSAP)			Certified	

Follow CDC guidelines for using personal protective equipment (PPE). Disposable gloves protect the hands against exposure to chemical hazards and body fluids. Wearing gloves can limit the risk of cross-contamination assuming the user follows proper infection control protocols. Change gloves between each patient and procedure; do not reuse. Always wear sufficient PPE to meet the expected level of exposure to pathogens and other hazardous materials.

Pac-Dent, Inc. makes no expressed or implied guarantee that these products will fully protect the user from exposure to hazardous fluids/particles or prevent the contracting of infectious diseases. It is the user's due diligence to select the appropriate personal protection equipment to meet the expected level of exposure in accordance with OSHA regulations and CDC guidelines.
